Greetings to Our Friends

THIS little catalog is sent to you as a reminder that it is time **Now** to plant bulbs and roots for spring blooming.

If you have been growing Tulips, Narcissus, Hyacinths, and others in the past, you are no doubt anticipating the pleasure and joy of having another display in the coming spring.

To those who have admired the flowers of early spring on their neighbor's place, this book will give an opportunity to read about the best varieties for their own garden. It is important, however, that you send us your order soon, as planting time is close at hand.

In planting Burpee's Bulbs and Seeds you plant *the best that grow*. And always you are fully protected by the

Burpee Guarantee

We guarantee the vitality and purity of our bulbs, roots, and seeds to the full amount of the purchase price, and we guarantee the safe arrival of all goods. You can have your money back any time within the year if you are not satisfied with the results from Burpee's bulbs, roots, or seeds.

But even with Burpee Quality Bulbs and Seeds, success in gardening depends largely upon cultivation, soil, and weather conditions. It is therefore agreed that in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid for the bulbs and seeds.

This is the guarantee that protects all who purchase from Burpee in Philadelphia.

We are waiting to serve you.

Faithfully yours,

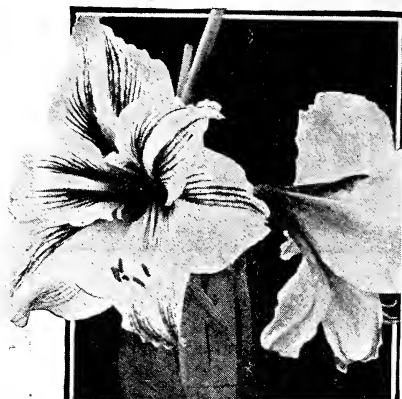

David Burpee

Bulbs for Winter-Flowering in the House

Amaryllis

8903 Johnsoni A beautiful, large, trumpet-shaped, crimson flower marked with a broad white stripe. Easily grown in the house in any moderately cool room. Keep rather dry until the bulb begins sprouting. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8907 Giant American Hybrids This is an assortment of a particularly wide range of excellent colors. The flowers are all large and they are carried on strong stems. Easily grown in the house. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

Calla

These are easily grown for winter blooming in the house. The bulbs require quite large pots filled with rich soil. Keep the plants fairly cool, say at about 40 to 50 degrees F., until they are wanted for blooming, when the temperature should be about 10 degrees more. For mid-winter blooming the plants should be started in early fall and kept warm from November on.

8919 Ethiopica (Lily-of-the-Nile) This is the well-known white Calla, with its beautiful trumpet-shaped blooms and rich green foliage. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8918 Elliottiana (Yellow Calla) A most attractive variety, with rich golden yellow flowers and variegated green and white foliage. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

The bulbs offered on this page are easily grown for winter blooming either in the greenhouse, the conservatory, or in any room where the temperature is not allowed to drop below 45 degrees F. In addition to the varieties given here we offer in this catalog a wide assortment of hardy bulbs which are also well adapted for growing in the house for winter blooming. Narcissus or Daffodils, particularly Paper Whites, as well as Tulips, Hyacinths, Scillas, Grape Hyacinths, Spirea, Lilies, Crocus, Snowdrops, and Chionodoxa make excellent flowers for growing indoors during the winter.

Freesia—Purity

Freesia

9550 Purity Glistering pure white flowers carried in long racemes. An excellent cut-flower which does best in the greenhouse. Delightfully sweet scented. Grow at a temperature of about 50 degrees F. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9557 Rainbow Hybrids A beautiful strain with flowers ranging through yellow, lavender, pink, and purple. All very beautiful and delicate. The flowers have a rich fragrance. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00; 500 for \$24.00.

Oxalis Suitable for pot culture and winter blooming. Unlike other bulbs, they need not be set away to form roots, but begin to grow as soon as potted. Place 4 to 6 bulbs in each pan and keep moderately moist at all times.

8971 Bermuda Buttercup Rich buttercup yellow.

8973 Grand Duchess Pink Very beautiful.

8974 Grand Duchess Lavender Free flowering.

8999 Bowiei Large deep pink flowers. Blooms profusely.

Any of the above: 6 for 35¢; 12 for 60¢; 25 for \$1.05; 50 for \$2.05; 100 for \$4.00.

Ranunculus

Ranunculus

8980 French Mixed

Easily grown plants which will make a wonderful display of flowers during the winter months. The blooms are double and come in many bright colors excepting blue. The plants grow 6 to 12 inches tall, branching freely and blooming profusely. Plant the bulbs 3 inches deep in boxes filled with fine soil and keep moderately moist and warm. Ranunculus are excellent for pots and cutting. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

DARWIN TULIPS

The Darwin Tulips come into bloom after the Early Single varieties have finished flowering. They are stronger in growth, quite a bit taller, and the flowers are considerably larger. Tulip lovers should plant these in quantity because they make a wonderful display with their bright and rich color. Most gardeners combine their Darwin tulips with varieties from the Breeder and Cottage class because they all bloom about the same time and present an opportunity of more varied color combination.

The Darwin Tulips are also excellent for forcing in the house. Planted in pots or pans they make a taller growth than the Early Single varieties and their fine range of good colors adds valuable material for house decoration. Darwin Tulips—Continued

9166 Giant Enormous flowers carried on strong stems. The color of the blooms is a beautiful deep purple with a crimson cast. Looks particularly well planted in the semi-shade, where it will make a most glorious display. Grows about 29 inches tall. 6 for 60¢; 12 for \$1.15; 25 for \$2.25; 50 for \$4.45; 100 for \$8.75.

9162 Gretchen (Margaret) Fine soft silvery rose blooms flushed with silvery white. The inside of the petals is soft pink, shaded with white, and showing a distinct blue blotch near the base. The stately flowers are carried on strong stems 23 inches tall. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9164 Isis A late-blooming variety with magnificent, fiery crimson-scarlet blooms with a blue base and a white halo. Of striking beauty, because of its saturated color and huge size. Presents a perfectly marvelous display if planted in the foreground of shrubbery, but is also easily forced for winter blooming; 26 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.45; 50 for \$2.85; 100 for \$5.50.

9171 King George V This splendid new Darwin Tulip can be had now at quite a reasonable price. The huge flowers are carried on strong and substantial stems. They are bright carmine-red—a color which makes an attractive show in the garden. Large well-formed flowers on strong stiff stems; 25 inches tall. 6 for 95¢; 12 for \$1.85; 25 for \$3.60; 50 for \$7.10; 100 for \$14.00.

9167 Jubilee A main-season bloomer with rich blue-purple flowers, slightly lighter at the edges. The white base is marked with blue. Mammoth blooms carried on stiff strong stems. Excellent for garden display, for cutting, and for forcing. Many consider this the best Darwin Tulip of this color. The plants grow 29 inches tall. 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 50 for \$4.35; 100 for \$8.50.

9183 La Fiancee Lovely deep rose blooms, shading to old rose with a delicate pink tone at the edges. The base is blue. La Fiancee is a huge, well-formed flower carried on a tall sturdy stem. Plant this together with mauve and dark lavender varieties. Height, 30 inches. 6 for 60¢; 12 for \$1.10; 25 for \$2.10; 50 for \$4.10; 100 for \$8.00.

9186 La Tristesse A large unusual flower of a deep subdued tone of slaty violet with a white base. For color effect it should be planted in close proximity with brighter colored ones, such as red, pink, and yellow. The unusual but artistic color has made quite a number of friends for this variety; 26 inches tall. 6 for 45¢; 12 for 80¢; 25 for \$1.50; 50 for \$2.95; 100 for \$5.75.

9168 La Tulip Noire A quaint dark velvety maroon color, so dark that it appears almost black. This is not merely a curiosity, it is a flower of excellent size and good form. If planted against a light background or in combination with bright colors, it never fails to attract favorable attention. Sturdy, growing 24 inches tall. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

Gretchen—Silvery rose

9155 King Harold Deep rich crimson-red with a sharply contrasting white base. The combination of colors is most artistic and impressive. King Harold makes a vigorous growth, forming massive large blooms of heavy texture. Carried on stiff stems, 24 inches tall. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9169 Loveliness Here is a particularly fine Darwin Tulip with magnificent well-formed blooms of a soft carmine-rose shade. It is a warm yet brilliant shade with a great appeal. The plants are strong and carry the blooms on long substantial stems. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9170 Madame Krelage The graceful flowers are bright lilac-rose shading to silvery rose on the edges of the petals. The inside of the flower is deep rose-pink. Madame Krelage is excellent, particularly for mass planting, nestled into shrubbery, or clumped into the perennial border; 27 inches tall. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9187 President Taft Rich dark red blooms with a brighter scarlet-red shade on the inside of the petals. The margin shows a distinct scarlet suffusion. This is a superb newer tulip with flowers of large size and good substance. The heavy upright stems are 26 inches tall, and by their height greatly add to the splendor of this variety. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9181 Professor Rauwenhof The flowers are bright cherry-red with a glistening scarlet suffusion on the inside. Sharply contrasting with this color is the ivory-white base marked bright blue; 28 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

Madame Krelage makes a charming border

9174 Pride of Haarlem Showy and bright, particularly if planted in the perennial border or in the foreground of shrubbery. The color of the blooms is a rich rosy carmine with a blue base. It is a cheerful and charming shade which goes well with the bold and massive flowers. The blooms are agreeably sweet-scented. Grows 27 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9177 Princess Elizabeth A favorite pink shading to rose-pink, with a white base. This is one of the finest Darwin Tulips in this color class, and its strong, upright habit adds to its popularity for both garden display and forcing. The large well-shaped blooms are held stiffly erect on stems 27 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.45; 50 for \$2.85; 100 for \$5.50.

9176 Princess Juliana Brilliance of color distinguishes this large, artistically formed flower. The color is an intense scorching orange-scarlet relieved by a contrasting white base. The color is most striking if planted against a background of evergreens. The plants make a stately growth, carrying their well-formed flowers on stems 26 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.45; 50 for \$2.85; 100 for \$5.50.

9175 Prince of the Netherlands This is another Giant Darwin Tulip of particularly rich coloring, and it is therefore planted extensively for garden display. The color of the blooms is a bright fiery scarlet with a glistening sheen of salmon-rose. This combination is enlivened by a snowy white mid-rib which runs from the blue base to the tip of each petal. A strong grower; 27 inches tall. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9184 Rev. Ewbank The delicate combination of lavender, light violet, and dove-gray gives this flower a particularly artistic charm. The color deepens somewhat toward the lower part of the petals and is relieved by a white base. The blooms are large, of exquisite form and artistic appeal. The blooms are carried on stems 24 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9178 Roi d'Islande (Matchless) Enormous well-shaped blooms of a soft rose shade with a faint sheen of bright violet and a narrow seam of pale rose at the edges of each petal. This is an extra fine forcing variety but just as suitable for planting in borders or beds. Stately plants, 20 inches tall. 6 for 50¢; 12 for 90¢; 25 for \$1.75; 50 for \$3.45; 100 for \$6.75.

9188 Rudolph Valentino The general tone of the flower is a bright lilac-rose with a satiny pink sheen. It is a magnificent variety of medium height, growing about 25 inches tall. The flowers are large and well formed. They are carried on strong upright stems. It is particularly recommended for forcing in pots and pans for winter blooming. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9191 Scarlet Beauty Indeed a marvelous variety—a beauty in every sense of the word. The color is a pure glowing scarlet without any shadings on the outside of the flowers. Of particularly stately growth; 27 inches tall. The massive appearance of the flowers goes particularly well with their rich brilliant color. It makes a wonderful display. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9194 White City Here is an extra fine white Darwin tulip of large size and fine substance. The anthers are black, forming a pleasing and interesting contrast to the pure white petals. The flowers are carried on stiff strong stems which make them particularly suitable for bedding purposes. Looks its best if planted together with some rich colors. 6 for 85¢; 12 for \$1.60; 25 for \$3.10; 50 for \$6.10; 100 for \$12.00.

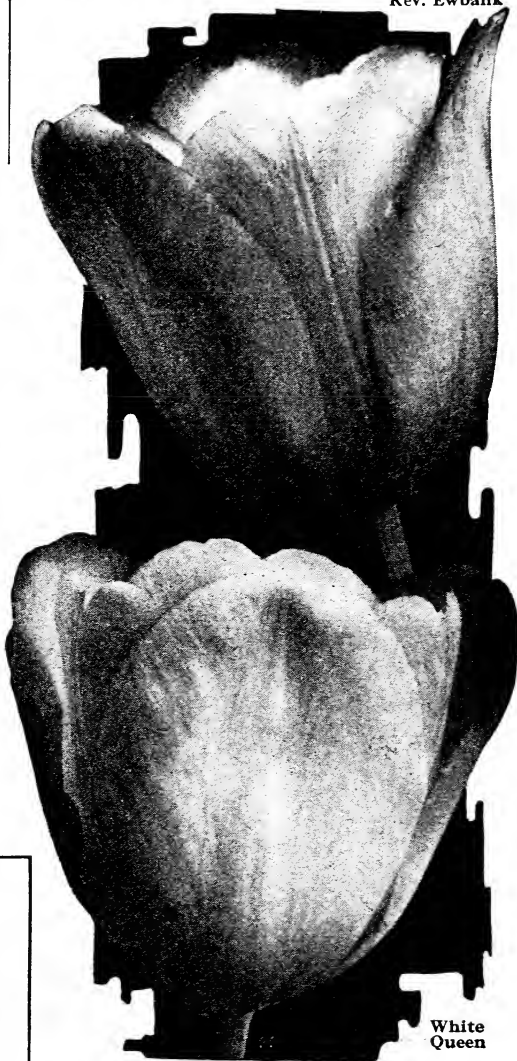

9195 White Queen (La Candeur) Upon opening, the flowers show a faint tinge of rose, but when fully expanded they are practically white. White Queen is fine for outdoors, planted in beds or borders, or for winter and spring flowering indoors. Fine strong stems 30 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9195 Wm. Copland (Sweet Lavender) While this is not an extra large flower, it deserves particular attention because it can be brought into bloom indoors during winter or spring as easily as any Early Single Tulip. Grown indoors the color is a beautiful lavender shade, but in the open it assumes more of a rosy lilac tone. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9192 Zulu Rich velvety purple-black flowers with a bright purple edge. Large egg-shaped blooms, excellent for forcing and for the garden. Grows 27 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.45; 50 for \$2.85; 100 for \$5.50.

9193 Darwin Tulips Mixed For mass planting or naturalizing in the border this mixture is recommended very highly. It contains a wide range of colors and is bound to make a wonderful display in the early spring garden. We suggest planting it liberally. 6 for 30¢; 12 for 55¢; 25 for \$1.00; 50 for \$1.95; 100 for \$3.75.

Cottage Tulips

The Cottage or May-flowering Tulips resemble in general habit and growth the Darwins. They also bloom at the same time. This is a great advantage as it permits the planting together of both types in one bed and having the varieties in bloom all about the same time. For bedding, to be planted either alone or in clumps, placed in the foreground of shrubbery, or in the perennial bed, they are unsurpassed. The Cottage Tulips are also well suited for winter blooming as they are easily forced and grow into good sized flowers under average care.

9202 Ambrosia A beautiful lilac-rose with a broad edge of bright tan. The inside of the petals is vivid orange, changing to a light tan as the flowers age. Fine large flowers on long stems. Height, 24 inches. 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 50 for \$7.60; 100 for \$15.00.

9390 Aegir An excellent variety with magnificent, large, well-formed flowers of a brilliant orange color. The whole flower is shaded with luminous cerise, which adds greatly to its bright appearance. 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 50 for \$5.10; 100 for \$10.00.

9201 Argo A fine variety particularly suited for forcing. The elegant large flowers are a delicate bronzy salmon shade. Grown in the open, the blooms are yellow, mottled red, and shading into reddish brown. 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 50 for \$6.35; 100 for \$12.50.

9205 Carnation This is the old English Picotee with snow-white blooms changing to carmine-rose as they age. A wonderful flower of excellent size. 6 for 35¢; 12 for 65¢; 25 for \$1.20; 50 for \$2.35; 100 for \$4.50.

9398 Dido Lovely rich coral-pink flowers edged with vivid orange. The inside of the blooms is a bright flame color with a broad edge of salmon-orange. The yellow base and bright green halo add to the attractiveness of the blooms. Height, 28 inches. 6 for \$1.40; 12 for \$2.65; 25 for \$5.15; 50 for \$10.15; 100 for \$20.00.

9392 Dulcinea A robust round flower of a glowing orange-red with a still brighter color on the inside of the petals. The large yellow and green base in the center of the flower gives it added distinction. Magnificent. 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 50 for \$5.10; 100 for \$10.00.

9206 Fairy Queen A lovely soft rosy lilac with a broad margin of bright amber-yellow. The flowers are large, well formed, and of stately habit. The blooms are carried on stiff stems 20 inches tall. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

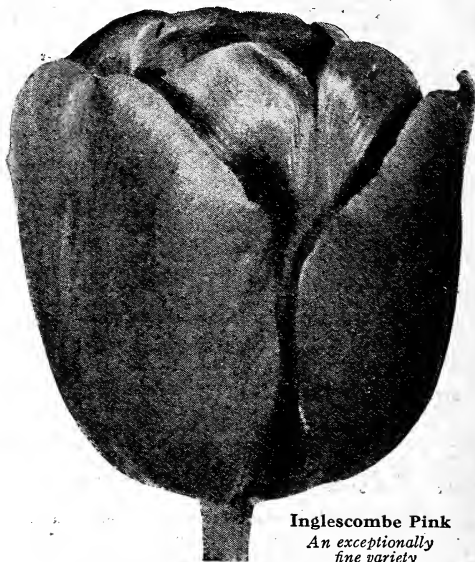

9210 Gesneriana Major Magnificent rich crimson-scarlet blooms with a bright blue base. The flowers are large, made up of comparatively long petals which open up widely in the full sun; 23 inches tall. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9209 Gesneriana Lutea This is a grand brilliant yellow variety of strong habit. It is shown in the picture above, where it makes a beautiful display against a background of hardy perennials. Always good. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9208 Grenadier Huge orange-scarlet flowers of fine form and heavy substance. This is a particularly showy variety which dazzles the eye when seen in bright sunlight. It makes its best display if planted together with some rich yellow variety for accentuating its bright color. 6 for 45¢; 12 for 80¢; 25 for \$1.50; 50 for \$2.95; 100 for \$5.75.

9216 John Ruskin A well-known variety with lovely salmon-rose blooms edged soft lemon-yellow. The inside of the flower carries a rosy lilac cast with a broad margin and base of soft yellow. John Ruskin is a well-shaped, large bloom carried on a fine strong stem. Always stately and graceful. Height, 16 inches. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

Inglescombe Pink
An exceptionally fine variety

9214 Inglescombe Pink Graceful, large, globular flowers of distinct form. Excellent for planting in the border or for late forcing. The color of the well-shaped blooms is a lovely soft rose-pink with a faint suffusion of salmon. As the flowers age they assume more of a rose tone. Height, 25 inches. 6 for 35¢; 12 for 65¢; 25 for \$1.20; 50 for \$2.35; 100 for \$4.50.

9215 Inglescombe Yellow A popular variety much in demand for planting together with colors of the Darwin type because the latter does not contain any moderately priced yellow shades. The golden yellow flowers are of largest size and perfect form. They are carried on stiff upright stems. Height, 19 inches. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75.

9212 Idyll A charming variety with blooms of grand size, heavy texture, and carried on strong stems. The color is a rich yet delicate rose with a fine satiny sheen. The inside of the petals shows an exquisite salmon-pink cast over the rose-pink ground. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9213 Marvel Beautiful amber-yellow with a touch of rosy lilac at the center of the petals. The inside is bright yellow, shaded with a lovely brown tone. The blooms are of medium size and gather more of a yellow tone as they age. Sweet scented. Height, 25 inches. 6 for 35¢; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

9221 Moonlight A lovely soft quiet tone of clear canary-yellow. The blooms are quite oval in shape with the outer petals reflexing at the tips. When fully open the blooms form a beautiful and graceful star of rare beauty. A sturdy variety, 25 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.45; 50 for \$2.85; 100 for \$5.50.

9220 Mrs. Moon This is an excellent flower of a shape usually classed as Lily Tulip. The blooms, when closed, are quite long, but when they begin to open the fairly narrow petals spread and reflex at the tips, resembling the conventional Lily shape. As the flowers grow older they open up more fully until they appear as a great star of deep lemon-yellow. While beautiful at all stages of growth, it is when they are fully open that they present their most artistic appearance. Height, 25 inches. 6 for 50¢; 12 for 90¢; 25 for \$1.70; 50 for \$3.35; 100 for \$6.50.

9211 Nectar This is one of the newer varieties sometimes classed as a "New Hybrid," but for all practical purposes it could be classed under the Cottage Tulips. The color of the blooms is a fiery crimson-red, as bright and brilliant as or perhaps more so than any other Tulip. The form of the flowers is graceful and particularly attractive at that state of development when the petals are slightly reflexed. Nectar is not only valuable for garden use but is also much in demand as an early forcing variety. 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 50 for \$4.60; 100 for \$9.00.

9223 Orange King This Tulip should be in every garden as it always draws the greatest admiration. Orange King is indeed a magnificent flower of extreme size and artistic proportion. Whether planted in beds or borders or used for cut-flowers, it will always give entire satisfaction. The color is a deep orange with a lovely cast of rose on the outside of the petals. The inside is a deep orange-scarlet relieved by bright yellow markings. Sweet-scented. Height, 19 inches. 6 for 35¢; 12 for 65¢; 25 for \$1.20; 50 for \$2.35; 100 for \$4.50.

9229 Picotee (Maiden's Blush) Here is a variety of outstanding beauty and great artistic appeal. The shape of the flowers is not unlike that of a Lily. The ground color is white with a broad margin of deep rose. The combination of these two colors is truly magnificent and goes well with the elegant shape of the blooms. Height, 22 inches. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9225 Scarlet Emperor A stately flower carried on a fine long stem. The color is a brilliant and glowing scarlet with the center of the blooms shading into a clear yellow. Very showy. 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 50 for \$4.35; 100 for \$8.50.

9226 Sirene This is another of the so-called Lily-flowered Tulips, with fairly narrow, sharply pointed petals which curve outward when the flower begins to open and give to it its beautiful shape. The color of the blooms is a rich cerise-pink with a margin of softer pink and a white base; 16 inches tall. 6 for 50¢; 12 for 90¢; 25 for \$1.70; 50 for \$3.35; 100 for \$6.50.

9233 Sir Harry An unusual soft tone of charming lavender-pink with a yellow base and a subdued blue halo. The flowers are large, of rather pointed shape, and quite broad at the base. The petals are distinctly waved. Height, 26 inches. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9234 The Fawn A well-shaped flower of large size. When the blooms begin to open they exhibit a lovely cheerful shade of rosy amber. Later, when they open up more fully, the color changes to a decidedly warm cream shade, artistically splashed with rose; 18 inches tall. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9332 Vesta This is sometimes classed as one of the "New Hybrids" which are now generally grouped together with the Cottage Tulips. The flowers, upon opening, are creamy white, gradually changing to a pure white color as they age. The base remains yellow throughout the life of the flower and together with the black anthers forms a most beautiful contrasting color combination. The flowers are quite long in shape. They are carried on strong stems. A majestic variety, growing about 29 inches tall. 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 50 for \$6.35; 100 for \$12.50.

9227 W. T. Ware This variety is considered particularly worth-while on account of its exceptionally good color. The blooms are deep golden yellow, richer and more intense than any other late Tulip in existence. The flowers are decidedly broad and of globular shape. The petals gracefully reflex at the top, adding an artistic effect to this variety. W. T. Ware is in demand because of its lasting qualities and wonderful color. Height, 18 inches. 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 50 for \$5.10; 100 for \$10.00.

9236 Mixed Cottage Tulips The fine range of shades found in the Cottage Tulip is ideally suited for a combination of all colors. This mixture contains all the best varieties of Cottage Tulips and will give a magnificent display, planted either in masses or in clumps of a dozen or two amid perennials or in the foreground of shrubbery. Is always greatly admired by everyone. 6 for 30¢; 12 for 55¢; 25 for \$1.00; 50 for \$1.95; 100 for \$3.75.

Breeder Tulips

Of all Tulips, the Breeders are without question the most striking. With their tall majestic growth and truly enormous blooms they rival the finest of the Darwins, but it is their rich coloring which places them in a class by themselves. Hues and tones not found in any other flower are present in the Breeders. They lean toward the unusual and artistic shades, and, therefore, enjoy great popularity with those who appreciate flowers that lend themselves to graceful and quaint displays. They are attractive if planted in beds, but make their finest appeal when grown amid perennials or in the foreground of shrubbery. They are also unexcelled for cutting.

Apricot

9252 Apricot An excellent flower combining a lovely ruddy apricot tint with a seam of bright bronzy buff. The base of the petals is yellow shading into an olive-green halo. Apricot is a magnificent flower of a quaint and artistic color combination. Those who like the unusual will include this showy and free-flowering variety in their planting. The flowers are carried on stems 25 inches tall. 6 for \$5.95; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

9254 Bacchus Well-shaped blooms of a dark violet-blue color. The outside of the petals is a still deeper tone of blue-violet. At the base of the inside petals the color is relieved by a white star, adding good color contrast. The flowers are large and quite long. They are carried on fine strong stems; 28 inches tall. 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 50 for \$4.60; 100 for \$9.00.

9255 Bronze Queen An attractive buff shade tinged with apricot and golden bronze on the inside. The flowers are remarkably large, carried on long, strong stems. Bronze Queen is excellent for bedding or forcing. The blooms are of artistic proportion with petals of substantial texture. They grow 26 inches tall. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9257 Cardinal Manning Dull wine-red blooms splashed with rosy brown. A most impressive and stately variety, widely known because of its quaint yet beautiful color. The flowers are very large and substantial. They last a long time, both in the garden and as cut-flowers. Of good strong growth, 24 inches tall. 6 for 40¢; 12 for 75¢; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9261 Don Pedro A beautiful tint of coffee-brown, shaded maroon. The inside of the magnificent flowers is a glossy rich mahogany shade. Don Pedro has a most delightful fragrance and is, therefore, appreciated as a cut-flower. It is also a good forcing variety, with large substantial flowers borne on stiff stems 23 inches tall. 6 for 60¢; 12 for \$1.10; 25 for \$2.10; 50 for \$4.10; 100 for \$8.00.

9264 Feu Ardent Large cup-shaped blooms of a rare shade of brilliant fiery red with a cast of light bronze. While bright and rich, it is by no means a glaring color but fits right into the general color scheme represented in the Breeder type of Tulips. The flowers are of immense size and showy appearance; 25 inches tall. 6 for 60¢; 12 for \$1.10; 25 for \$2.10; 50 for \$4.10; 100 for \$8.00.

9269 Godet Parfait This always appeals to a very large number of gardeners, and the dark blue-purple flowers with their white base and blue halo make a most charming display both in the garden or as cut-flowers. It is indeed a striking color; grows 26 inches tall. 6 for 55¢; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

9270 Golden Bronze Old gold flushed with Heliotrope on the outside of the petals. The inside is rich mahogany-brown with a contrasting deep yellow base. A showy variety with well-shaped blooms; 25 inches tall. 6 for 45¢; 12 for 80¢; 25 for \$1.50; 50 for \$2.95; 100 for \$5.75.

9274 Lucifer Rich coppery orange blooms with a lovely rosy cast and a bright scarlet-orange edge. This combination of colors never fails to attract attention. The base is bright yellow. Height, 28 inches. 6 for 85¢; 12 for \$1.60; 25 for \$3.10; 50 for \$6.10; 100 for \$12.00.

9275 Louis XIV The most stately of all Tulips, with truly immense flowers of a rich dark purple shade edged with bright golden bronze. No other Tulip can compare with Louis XIV in size of flower, length of stem, and sturdiness of growth. Simply magnificent. Height, 28 inches. 6 for 60¢; 12 for \$1.10; 25 for \$2.10; 50 for \$4.10; 100 for \$8.00.

Feu Ardent
Fire-red flowers
of massive
appearance

9278 Madame Lethierry Rich dark cherry-red flowers attractively edged and flushed with bright salmon. A quaint yet beautiful color. As a cut-flower Madame Lethierry lasts for many days and its cheerful bright color always makes it welcome for home decoration. For garden growing it is superb, as it makes a substantial, strong growth, carrying its large, well-shaped, heavy flowers on stems 27 inches tall. 6 for 55c; 12 for \$1.05; 25 for \$2.00; 50 for \$3.95; 100 for \$7.75.

9280 Medea This remarkable variety represents an unusual shade—crushed strawberry shaded with bright Heliotrope, and having a distinct yellow center. It is a quaint and artistic flower of unusual appeal. The plants make a sturdy upright growth; 17 inches tall. 6 for 45c; 12 for 80c; 25 for \$1.50; 50 for \$2.95; 100 for \$5.75.

9285 Old Times A grand flower of long, pointed form, with a rather unusual color combination—garnet, edged Primrose-yellow and marked with green near the base. Its strong growth recommends it for both cutting and garden display. The huge flowers are carried on stems 24 inches tall. 6 for 55c; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

9286 Panorama There are many gardeners who consider Panorama a particularly valuable variety because of its many excellent qualities. The color of the blooms is a rich orange-red with a cast of bright mahogany and a rich metallic sheen. The extra large flowers are almost round. They are carried on stems 26 inches tall. 6 for 40c; 12 for 75c; 25 for \$1.40; 50 for \$2.70; 100 for \$5.25.

9289 Pink Pearl Magnificent lilac-pink flowers with a rosy sheen. The inside of the blooms is bright rose, shaded with soft creamy white. Pink Pearl is indeed a beautiful large flower of a lovely artistic color. The egg-shaped blooms are of mammoth size. This combines particularly well with any of the darker colors. Of stately growth, with good, strong stems 26 inches tall. 6 for \$1.40; 12 for \$2.65; 25 for \$5.15; 50 for \$10.15; 100 for \$20.00.

9287 Plutarchus Bright terra-cotta-bronze, attractively shaded with a lovely tone of pastel-lilac. The inside of the blooms is a somewhat brighter color. The flowers are truly handsome. They are large and well formed. The strong stems carry the blooms in an upright position. Height, 26 inches. 6 for 45c; 12 for 85c; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9291 St. James Lovely large flowers on long strong stems. The blooms are of heavy texture. They are well formed and carried on a substantial stiff stem. The color is a deep shade of rosy lilac with a bronze-toned edge and a flush of bright coppery rose at the tip of the petals. The inside is ruddy mahogany, edged golden brown. Height, 28 inches. 6 for 45c; 12 for 85c; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

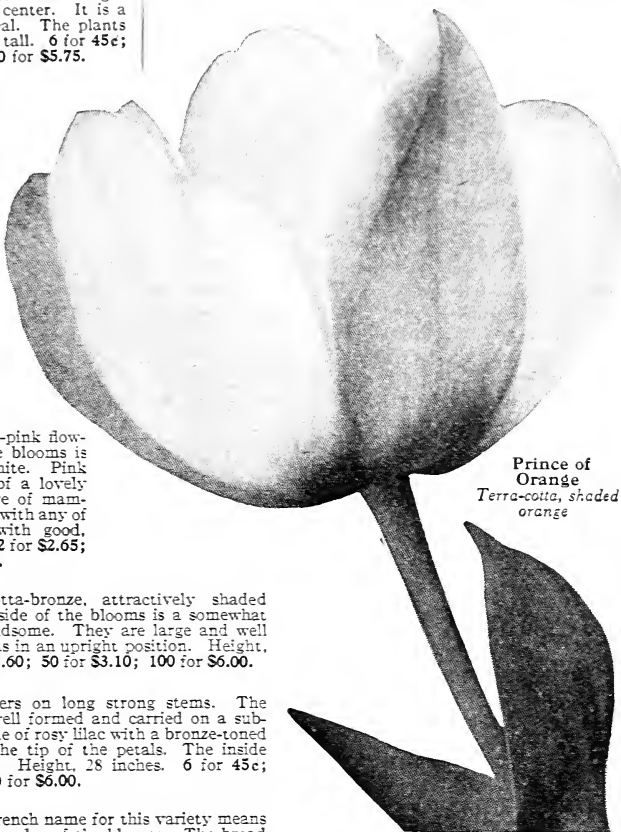

9272 Sunrise (Jaune D'Oeuf) The French name for this variety means "Yolk of egg," referring to the rich yellow color of the blooms. The broad stripe of lilac along the center of each petal gives the whole flower a distinctive and artistic appearance. The inside of the petals is a faint tint of golden bronze, shading into a deep apple-green base. Grows 26 inches tall. 6 for 45c; 12 for 85c; 25 for \$1.60; 50 for \$3.10; 100 for \$6.00.

9294 Velvet King Lovers of rich shades should plant this variety in quantity. The blooms are of magnificent size and heavy texture, which gives them exceptional lasting qualities. The color is a fine blend of rich deep purple and deep mahogany; 25 inches tall. 6 for 55c; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

9293 Vulcain Reddish apricot with a broad seam of buff-yellow. The inside of the petals is a somewhat deeper tone of apricot, edged with a brighter shade of yellow. The base is green. Large flowers of fine form carried on stems 25 inches tall. 6 for 60c; 12 for \$1.10; 25 for \$2.10; 50 for \$4.10; 100 for \$8.00.

9297 Breeder Tulips, Mixed For mass planting this mixture of Breeder Tulips is particularly fine. It includes all the varieties listed above and in addition a few others to add to the color value of the display. Plant it between shrubs or among perennials. 6 for 35c; 12 for 60c; 25 for \$1.15; 50 for \$2.20; 100 for \$4.25; 500 for \$20.00; 1000 for \$38.00.

9288 Prince of Orange Lovers of the artistic and unusual are bound to appreciate Prince of Orange. It is an outstanding variety of a color that will make a lasting impression upon every visitor to the garden. The petals are a glowing shade of terra-cotta. Bright sunlight brings out the marvelous glistening orange sheen of the flowers. Each petal has a distinct broad edge of clear orange-yellow which adds further to the appeal of the blooms. The base of the petals is starred with yellow. We should also mention that this variety is known for its rich pleasing fragrance. Tall stately stems growing 22 inches tall. 6 for 60c; 12 for \$1.15; 25 for \$2.20; 50 for \$4.35; 100 for \$8.50.

1000 bulbs of a variety will be supplied at 9 times the hundred price

Rembrandt Tulips

The Rembrandt Tulips represent a class that has the characteristic growth of the Darwins, but the flowers differ in that the colors are "broken," representing color combinations in feathered, striped, and flaked designs of irregular arrangement. The Rembrandt Tulips are as easily grown as the Darwins. They make a striking effect in the garden and look their best if planted in clumps of a dozen or more somewhere in the border or in the foreground of shrubbery. While they can be grown indoors in pots, they are not as well suited for this purpose as other types.

9302 Bougainville A lovely pale lilac-rose flower with broad stripes of deep violet and a few occasional flakes of mahogany. The markings are very attractive. Height, 26 inches. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9305 Caracalla White marked with carmine-red flakes. A large, well-formed flower that adds brilliance to the garden. Good sturdy stems growing 21 inches tall. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9313 Hebe The three-color combination found in this flower never fails to attract attention. The ground is white, attractively relieved by stripes and flames of soft lilac and deep maroon. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9321 Red Prince This is a particularly showy variety with flames and stripes of a fiery scarlet shade upon a lovely soft rose ground. Large well-formed blooms. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9326 Semele A white background heavily striped and feathered with subdued old rose. A very effective variety of a quaint old-fashioned appearance. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9330 Suzanna The undertone of the flowers is a soft lilac shade enhanced by stripes and markings of a rich reddish brown. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 50 for \$3.60; 100 for \$7.00.

9333 Rembrandts Mixed This is an excellent mixture, including the above and quite a few others belonging to the Rembrandt type. 6 for 35¢; 12 for 65¢; 25 for \$1.25; 50 for \$2.45; 100 for \$4.75; 500 for \$22.50; 1000 for \$43.00.

Parrot Tulips

The Parrot Tulips are of most artistic and quaint form. The petals of the blooms are lacinated and slashed on the edges, as is shown in the picture. Because the stems are comparatively slender they should be grown among shrubbery or in the mixed border where they find some support. They bloom less freely than other types and should, therefore, be planted more closely together.

9338 Coffee Color A very striking combination of brown and yellow shades giving an interesting and artistic effect. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

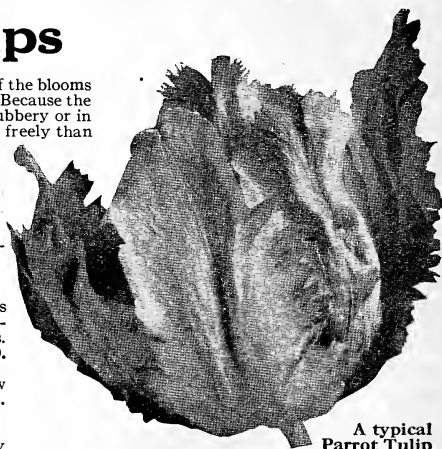

9339 Cramoisi Brilliant This will appeal to many gardeners as the glowing crimson flowers are exceptionally showy. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9342 Fantasy This differs from the others because of its stronger stems and upright growth. Geranium-red, edged carmine-pink and shaded white. Emerald-green markings and spots. \$1.50 each; 3 for \$4.25; 6 for \$8.25; 12 for \$16.00; 25 for \$31.00.

9343 Lutea Major A lovely clear yellow flower with a few stripes and blotches of crimson and green. An odd combination. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9346 Perfecta A greenish yellow background attractively striped with light scarlet. The combination is quite unusual. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 50 for \$2.60; 100 for \$5.00.

9353 Superfine Mixed This is a mixture including many of the best Parrot Tulips. 6 for 35¢; 12 for 60¢; 25 for \$1.15; 50 for \$2.20; 100 for \$4.25; 500 for \$20.00; 1000 for \$38.00.

The Beautiful

9397 Tulipa Clusiana

This is a botanical species of Tulips and differs widely from the conventional form of the other varieties listed in this book. The flowers are considerably smaller and of quite long shape. The outer petals are bright cherry-red and the inner ones are creamy white with a violet base. For the perennial border or for rock-garden planting, Tulipa Clusiana has come into great demand, and we recommend planting it liberally and closely together in order to effect a good display. 6 for 55¢; 12 for \$1.00; 25 for \$1.95; 50 for \$3.85; 100 for \$7.50.

Early Single Tulips

The early Tulips, by reason of their blooming season, which comes from 2 to 4 weeks ahead of other Tulips, have always been favorites for an early display in the garden. They are admirably adapted for beds and borders, and they are grown extensively for winter blooming in the house.

Outdoors: Plant the bulbs as soon as available, covering with 3 to 5 inches of soil, and, if possible, protect the planting against alternate freezing and thawing by lightly covering with pine boughs or straw. The object is to shade the ground and not to keep it warm.

In the House: For indoor blooming in pots and pans the Early Single Tulips are very much in demand. They make their best display if planted not less than six bulbs in a shallow pan, one variety to each pan, to be sure that they will bloom all at one time.

Early Double Tulips

Growing Early Double Tulips does not require any particular skill. They do well planted in pans for winter blooming in the house and last even longer than the Singles. They are ideal for outdoor bedding because they make a compact growth and are, therefore, less subject to injury by winds. The varieties we list are all fully double and are highly appreciated because of their long blooming season. Their massive appearance suggests their use in formal beds particularly, or in borders where a bold color effect is wanted. Burpee's Tulip Bulbs are Grown in Holland for Burpee

Burpee's Hyacinths

**Large Bulbs
for Forcing in the House
or Planting in the Garden**

Enchantress

Hyacinths are easily grown outdoors in beds or borders. Fall-planted bulbs protected by a two-inch layer of straw, leaves, or well-rotted manure will bloom freely the following April. For winter blooming in the house, place the bulbs in pots or pans filled with soil, and keep dark and cool for 6 to 8 weeks before placing in a light, warm room.

9005 Enchantress A lovely variety with attractive long-stemmed flower-spikes. The individual bells are closely set on a strong stem. They are a beautiful light delft-blue, shaded with somewhat deeper blue.

9011 Gertrude Magnificent compact trusses, closely set with rich carmine-rose bells. This is a favorite variety for outdoor bedding, because the plants make a splendid uniform growth, and bloom all at one time. Easily forced for winter blooming.

9008 Grand Maitre A glorious spike of large bells closely set on a long and strong stem. The color is a rich deep porcelain blue of unusual appeal. Excellent for bedding and for forcing.

9010 King of the Blues This outclasses all other deep blue varieties on account of its purity and richness of color. The flower-spikes are long and fully set with large bells.

9015 Lady Derby Clear rich rose blooms forming a solid and strong spike of color. Grown indoors, the flowers are a shade deeper in color. A magnificent free-blooming variety.

9020 La Victoire One of the earliest of all Hyacinths to come into bloom. The flowers are brilliant scarlet. When grown indoors, they have a tendency to be lighter.

9024 L'Innocence Magnificent white bells of extra large size, gracefully arranged into a fine, sturdy truss on a substantial and long stem. This makes a beautiful display.

9028 Marconi This variety produces flowers just a shade deeper than Lady Derby. It is a bright deep rose, attractively flushed with white. Highly recommended, particularly for outdoor planting.

9032 Yellow Hammer Quite a good deep shade of creamy yellow. This variety is easily forced and forms compact long showy flower-spikes.

Any of the above:

12 for \$2.15; 100 for \$16.00.

Collections of Hyacinths

These collections contain the following 5 varieties: **Enchantress**, **King of the Blues**, **Lady Derby**, **La Victoire**, and **L'Innocence**.

9715—One bulb each .. (5 bulbs, value \$1.10), \$0.95
9716—Three bulbs each (15 bulbs, value 3.00), 2.50
9717—Six bulbs each .. (30 bulbs, value 5.75), 4.50
9718—Twelve bulbs each (60 bulbs, value 10.75), 8.50

Mammoth Size Hyacinth Bulbs

There are many gardeners and professional florists who like to plant these mammoth size bulbs, claiming that they can get larger size spikes. It is our experience that quite often these extra large size bulbs will produce two flower-spikes from one bulb. For those who grow Hyacinths in glasses filled with water this size is highly recommended, as it gives particularly good results under this cultural treatment.

- 9004 **Enchantress** Light delft-blue
- 9006 **Gertrude** Rich carmine-rose
- 9007 **Grand Maitre** Deep porcelain blue
- 9009 **King of the Blues** Rich dark blue
- 9014 **Lady Derby** Clear rose-pink
- 9019 **La Victoire** Brilliant scarlet
- 9023 **L'Innocence** The finest white
- 9027 **Marconi** Rose, flushed white
- 9031 **Yellow Hammer** Creamy yellow

25¢ each; 3 for 65¢;
6 for \$1.25; 12 for
\$2.40; 100 for \$18.00.

Collections of Five Hyacinths

(Mammoth Size)

These assortments contain Enchantress, King of the Blues, Lady Derby, La Victoire, and L'Innocence.

- 9710 1 each (5 bulbs) . \$1.10

Hyacinths By Colors

Where Hyacinths are planted among perennials or in the foreground of shrubbery our assortment, listed by shades, will provide excellent material. It gives the gardener an opportunity to make a fine showing at a very reasonable price. The slight variation of tones in each class adds a very agreeable variety, and gives the planting a decidedly natural effect. Of course, there is no reason why any gardener should restrict himself to just one shade.

- 9061 **Dark Red Shades**
- 9062 **Pink Shades**
- 9067 **Rose Shades**
- 9063 **White Varieties**
- 9064 **Dark Blue Shades**
- 9065 **Light Blue Shades**
- 9066 **Yellow Shades**

16¢ each; 3 for 45¢; 6 for 85¢;
12 for \$1.60; 100 for \$12.00.

9036 Hyacinths, All Colors Mixed

While beds and borders, arranged either in a natural and care-free effect or in straight lines, planted with Hyacinths according to color, are very effective, we know, however, that many gardeners prefer a wide range of colors for mixed planting. This is more or less a matter of personal choice, but we can assure all who plant our mixture that they will have a wonderful display from it. 16¢ each; 3 for 45¢; 6 for 80¢; 12 for \$1.55; 100 for \$11.50.

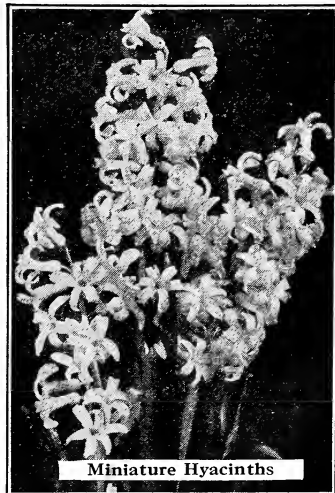

Miniature Hyacinths

Very attractive Hyacinths of miniature size and graceful appearance. The single blooms are set on rather slender stems. These Hyacinths are very fine for potting during winter, placing the bulbs quite closely together, or they may be planted outdoors 4 to 5 inches apart. They are entirely hardy and bloom profusely early in the season. Their graceful habit makes them particularly valuable for this purpose.

- 9040 **Enchantress** A lovely light delft-blue, shaded with a harmonizing deeper shade of blue. Very graceful.
- 9042 **King of the Blues** The rich dark blue bells are carried on fine slender stems. Blooms very profusely.
- 9046 **Lady Derby** Clear rose-pink flowers that make a good showing whether grown outdoors or in the house.
- 9049 **La Victoire** An excellent brilliant scarlet variety, which is somewhat lighter if grown in the house.
- 9052 **L'Innocence** We consider this the very best of all white Hyacinths. Bears a profusion of waxy white bells.

Any of the above: 13¢ each; 3 for 34¢; 6 for 65¢;
12 for \$1.20; 100 for \$9.00.

- 9055 **Miniature Mixed** This is a complete mixture of all the various colors of Miniature Hyacinths. 12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.10; 100 for \$8.00.

NARCISSUS or DAFFODILS

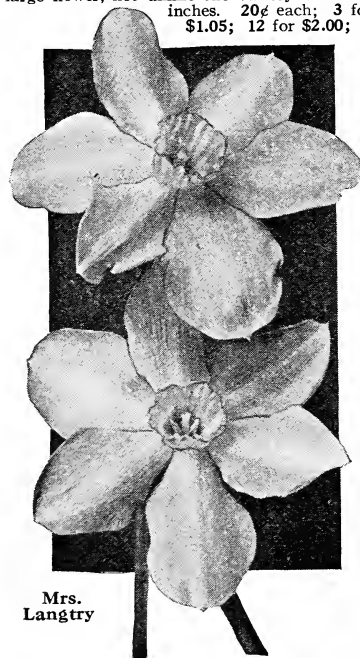

Emperor

9401 Emperor Deep Primrose-yellow perianth and a rich yellow trumpet. A magnificent and showy hardy variety growing about 20 inches tall. Fine for the garden, for cutting, and for growing indoors. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9403 Empress A fine large well-formed flower composed of a showy sulphur-white star-like perianth. The trumpet is bright golden yellow, forming a pleasing and artistic contrast to the lighter colored perianth. A strong grower, 18 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9414 Glory of Sassenheim A bicolor variety with a creamy white perianth formed by overlapping petals and a long trumpet of deep golden yellow. It is a large flower, not unlike the variety Victoria. Height, 16 inches. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

Mrs. Langtry

Glorious Daffodils in gold and white—plant them freely to give a display of large showy sweet-scented blooms year after year. They are perfectly hardy with the exception of Paper White and Soleil d'Or, and may be left in the ground for many years. In the house they are easily grown in pots, pans, or boxes without the need of a greenhouse, but it is outdoors that they make their finest showing before any of the other large-flowering spring bulbs come into bloom. Write for a free copy of the Burpee leaflet "Bulbs for Winter and Spring Blooming."

Large Trumpet Daffodils

9408 Improved Golden Spur A large and remarkably fine flower of a uniform deep golden yellow shade. It is an excellent forcing variety growing 16 inches tall. Fine for naturalizing in the perennial bed. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9417 King Alfred Both the perianth and trumpet are a rich golden yellow color. The perianth is broad and heavy. The trumpet is of large size, widely expanding, with a broad, beautifully frilled brim. Height, 20 inches. 27¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15; 100 for \$20.00.

9415 Olympia A large flower with a twisted perianth of a bright deep Primrose-yellow color. The trumpet is rich yellow, frilled at the brim. An enormous flower, splendid for garden culture and pot growing. 29¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65; 100 for \$22.00.

9413 Princeps An easily grown variety, excellent for naturalizing in the woods. The flowers are of medium size and have a white perianth and a clear yellow trumpet. 15¢ each; 3 for 40¢; 6 for 75¢; 12 for \$1.45; 25 for \$2.85; 100 for \$11.00.

9419 Robert Sydenham A widely expanding perianth of a sulphur-yellow shade. The trumpet is deep yellow and beautifully frilled. This is a truly huge flower of great vigor, particularly suitable for garden use. The flowers are carried on fine strong stems, 17 inches tall. 29¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65; 100 for \$22.00.

9418 Van Waveren's Giant The largest of all Large Trumpet Daffodils in our list. A bicolor variety with a bright primrose perianth and a rich yellow trumpet. The trumpet opens up at the mouth and is flanged at the brim. Every garden should contain at least a few of these outstanding giant-flowering Daffodils. 29¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65; 100 for \$22.00.

9420 Victoria Creamy white perianth and rich yellow trumpet. A fragrant variety with flowers of good form growing on stems 16 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

Medium Trumpet Daffodils

9433 Autocrat (Incomparabilis) Primrose-yellow with a deep golden yellow, widely expanding cup; 20 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9432 Bernardino (Incomparabilis) Creamy white perianth and large pale lemon-yellow frilled cup edged apricot; 20 inches. 27¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15; 100 for \$20.00.

9426 Conspicuous (Barrii) Large, bright soft yellow perianth. Yellow cup, edged bright orange-scarlet; 21 inches tall. 13¢ each; 3 for 34¢; 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 100 for \$9.00.

9434 Evangeline (Leedsii) Broad, pure white perianth and large expanding citron-yellow cup. 18 inches. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9429 Lucifer (Incomparabilis) Star-like sulphur-white perianth, creamy yellow cup, edged orange. Height, 18 inches. 14¢ each; 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

9431 Mrs. Langtry (Leedsii) A white perianth with a pale primrose cup edged lemon-yellow; 16 inches tall. 13¢ each; 3 for 34¢; 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 100 for \$9.00.

9423 Red Chief (Barrii) Broad white perianth, frilled orange-red cup. A fine forcer. 24¢ each; 3 for 65¢; 6 for \$1.25; 12 for \$2.40; 25 for \$4.65; 100 for \$18.00.

9427 Seagull (Barrii) Broad, pure white perianth and a pale lemon-yellow cup with an orange seam; 17 inches. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9438 Sir Watkin (Incomparabilis) Large, Primrose-yellow perianth, creamy yellow cup, edged orange; 21 inches tall. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

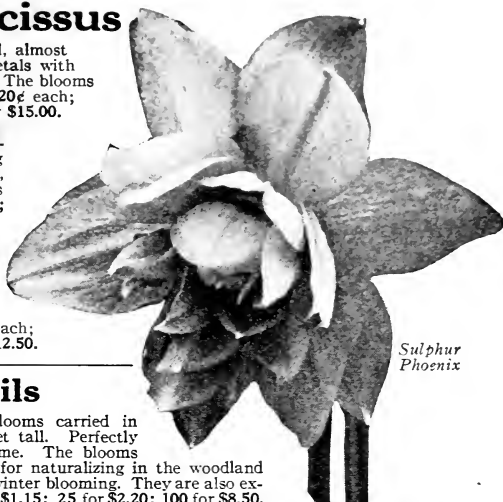

9428 White Lady (Leedsii) Broad, creamy white perianth, frilled canary-yellow cup. Grows 20 inches tall. 14¢ each; 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

Double Trumpet Narcissus

9447 Sulphur Phoenix Beautiful, well shaped, almost globular blooms composed of rounded, creamy white petals with a decidedly sulphur-yellow center. An excellent variety. The blooms are carried on fine strong stems about 18 inches tall. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9446 Primrose Phoenix Lovely large Primrose-yellow double flowers carried on quite good strong stems. This variety is particularly valuable for cutting, carrying its well-shaped showy blooms on stems 20 inches tall. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9445 Von Sion This is the old-fashioned double Daffodil with its large showy blooms of a bright golden yellow color. It differs from the above two varieties in that the trumpet is distinctly double whereas the perianth remains as in the single varieties. It is particularly recommended for forcing. Height, 13 inches. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

Sulphur Phoenix

The Popular Jonquils

9463 Single Campernelle Small graceful blooms carried in clusters of from 2 to 6 on stiff slender stems about 1½ feet tall. Perfectly hardy and unusually free flowering with a delicate perfume. The blooms are bright golden yellow. These Jonquils are wonderful for naturalizing in the woodland or meadow, but they are just as easily forced in pots for winter blooming. They are also excellent for cutting. 12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 100 for \$8.50.

Poetaz, Poeticus, and Polyanthus Varieties

Ornatus

9454 Helios (Poetaz) Lovely clusters of pure golden yellow flowers carried on a fine stiff stem. Helios blooms early and freely. It is perfectly hardy and therefore valuable for naturalizing. Easily forced for winter blooming in the house. Particularly fine if planted in clumps among perennials or shrubbery. A splendid cut-flower. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9455 Laurens Koster (Poetaz) A perfectly hardy Narcissus carrying 2 to 6 large flowers on each stem. The perianth is pure white and the cup is orange-yellow. Whether used for garden display, for cutting, or for forcing, it will always delight the gardener with its artistic appearance. 16¢ each; 3 for 45¢; 6 for 85¢; 12 for \$1.60; 25 for \$3.10; 100 for \$12.00.

9452 Elvira (Poetaz) The splendid large blooms are borne in clusters of from 2 to 6 flowers on each stem. The perianth is pure white and the cup is a contrasting rich yellow color. This variety grows about 18 inches tall and is well adapted for outdoor planting or forcing. 18¢ each; 3 for 50¢; 6 for 90¢; 12 for \$1.70; 25 for \$3.25; 100 for \$12.50.

9456 Ornatus (Poeticus) A splendid large flower with a pure white perianth and a white cup, margined bright crimson. Each flower is supported by a long stiff stem of about 14 inches in length. It is suitable for mass planting and its low price suggests its liberal use. Also easily forced. Height, 14 inches. 14¢ each; 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

9453 Horace (Poeticus) A snow-white perianth composed of large well-rounded overlapping petals. The white cup is quite small with a broad edge of rich crimson-red. The contrast in these blooms is particularly effective. It is a beautiful hardy variety carrying its blooms on stems 16 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.85; 25 for \$3.60; 100 for \$14.00.

9458 Pheasant's Eye (Poeticus) This is an old favorite that still enjoys the greatest popularity with many gardeners. The flowers are large and well formed. They have a snow-white perianth with a small white cup, edged scarlet. It should be planted in rather dry soil as the plants do not bloom as profusely if kept too wet. 11¢ each; 3 for 29¢; 6 for 55¢; 12 for \$1.00; 25 for \$1.95; 100 for \$7.50.

9460 Paper White (Polyanthus) These American grown bulbs are the best obtainable. They can be depended upon to give good results but should not be planted before the end of November. This is the large-flowered Paper White so extensively grown for winter blooming in the house. Clusters of 6 to 12 large, pure white blooms. 12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 100 for \$8.50.

9459 Soleil d'Or (Polyanthus) Quite similar to the Paper White but the flowers are an intense yellow color. The cup in the center is shaded with orange. Easily forced during the winter. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9474 Mixed Daffodils Many of our friends have requested us to furnish them with a mixture of Narcissus which could be used for mass planting in the garden, the woodland, or the meadow. Our mixture contains all hardy varieties suited for this purpose. If left undisturbed, the bulbs will multiply very freely. 10¢ each; 3 for 27¢; 6 for 50¢; 12 for 95¢; 25 for \$1.85; 100 for \$7.00.

The First Flowers of Spring

9496 Snowdrops

(*Galanthus nivalis*) Snowdrops are the earliest outdoor flowering bulbs we have. For naturalizing among shrubbery or in the foreground of the perennial border they are superb. By making plantings in locations of different exposures, it is easy to have a succession of blooms for three to five weeks every year. Plant the bulbs as early in the fall as possible, covering from 1 to 2 inches deep with fine soil. Set them closely, that is, 3 to 4 inches apart, for effect. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50; 500 for \$21.00.

Chionodoxa Glory of the Snow

9480 Luciliae A fine bulbous perennial for the open ground and also planted extensively in pots for winter blooming in the house. Any kind of well-drained garden soil will give wonderful results. The attractive flowers are more or less tipped with a rich blue at the end of the petals. It is rather hard to understand just why this easily grown and very showy plant is not more popular. In our opinion it is really the most showy of the early spring-flowering bulbs we offer. Plant the bulbs 3 inches deep and as close as 1 inch apart, and they will bloom freely during March and April. They are perfectly hardy and will last almost indefinitely. 3 for 19¢; 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

The early spring flowers have always had a particular appeal to all kinds of gardeners. It is only natural that after months of cold and freezing weather people will greet the tender little shoots that have pushed through the ground, even though snow and ice have not vanished entirely. First of all, we find the Snowdrops making their appearance. Planted in groups of twenty-five to five hundred bulbs, according to the effect wanted, they will present a great attraction in the early spring garden. Soon after the Snowdrops, Crocus with their brilliant colors will come into the picture. For permanent results, they should be planted among the shrubbery, where they will bloom year after year. Chionodoxa is the next spring flower to appear, and right here we want to urge all gardeners to give this little easily grown and showy spring-flowering bulb an opportunity to prove just how much of a display it will make. Not much later, we find Scillas, Grape Hyacinths, and Fritillaria preceding the Daffodils, Hyacinths, and Tulips.

Crocus—Harbingers of Spring

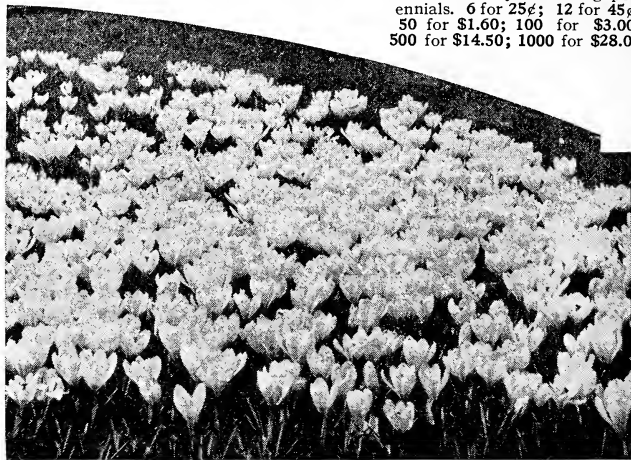

Hardly any other flower is so well adapted for naturalizing as the Crocus. Many people plant it in the lawn, where indeed it will make a good display. Yet, for permanent results, we suggest that it be planted in the foreground of shrubbery where the foliage can ripen properly and insure continued existence. Plant the bulbs about 4 inches apart and cover with 2 inches of fine soil. They bloom very early and make a wonderful display with their bright colors. Easily grown in shallow pots for winter blooming in the house.

Scilla—Bluebells

Fritillaria

Fritillaria

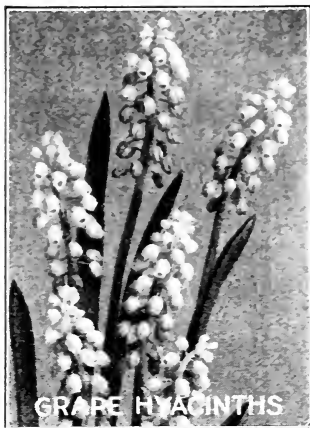

8925 Mixed (Snake's Head) These are comparatively little known but deserve to be grown more widely. They are perfectly hardy and excellent for planting among shrubbery or in the perennial borders. Along streams and where the ground is shaded they do particularly well. The fairly large bell-shaped flowers are curiously marked, not unlike the scales on a snake's head. They come in various shades and combinations of colors. There are very bright purple and bronze tints, also white ones, but all of them are marked with contrasting colors, including green. Plant the bulbs about 4 to 5 inches deep and about 8 inches apart. 6 for 45¢; 12 for 85¢; 25 for \$1.60; 100 for \$6.00.

9490 Sibirica A popular variety on account of its showy rich blue flowers which appear shortly after the Snowdrops and bloom throughout the month of April. Excellent for naturalizing by planting 5 to 6 inches apart and about 3 inches deep. They are perfectly hardy and last almost indefinitely. Also excellent for growing indoors in pots or pans. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9491 Campanulata This variety is quite a little later than Sibirica, forming graceful slender little spikes set with rich blue, bell-shaped flowers. It blooms during May and early June. The bulbs should be planted 3 to 4 inches deep and about 6 inches apart. They look best if planted in masses, grouped together, among perennials, or in the foreground of shrubbery. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

SCILLA SIBIRICA

GRAPE HYACINTHS

Grape Hyacinths

9485 Heavenly Blue Graceful and dainty early spring-flowering bulbs, producing slender little spikes closely set with small round bells of a bright blue color. They bloom profusely during April and will last almost indefinitely if planted about 4 to 5 inches deep. For best effects, set them in clumps 3 to 4 inches apart. They can also be grown for winter blooming, but must not be forced by high temperature. 12 for 60¢; 50 for \$2.10; 100 for \$4.00; 500 for \$19.00.

9486 White Not so long ago a visitor who saw our White Grape Hyacinths remarked about the wonderful showing they were making. In fact, the little white bells on the graceful spikes 6 inches long are a beautiful subject for the spring garden. They are perfectly hardy. 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

The Book of Bulbs

In this book Mr. Rockwell, who is a widely-known writer as well as a practical horticulturist, tells in a fascinating way how to grow flowers from bulbs.

The so-called Dutch bulbs listed in this catalog as well as other fall-planted bulbs occupy over half of the 264 pages of the book. You will find special chapters on Tulips, Daffodils, Hyacinths, and all the lovely smaller spring-flowering bulbs. Complete cultural directions for both garden display and indoor growing are given.

Furthermore, there are chapters on Lilies, Gladiolus, Dahlias, Begonias, Iris, Peonies, and other summer and autumn flowering bulbs.

The propagation of bulbs, insects and diseases, and how to make a bulb garden are treated in detail. Freely illustrated with drawings and photographic reproductions. 264 pages, cloth bound, post-paid for

Beautiful Lilies—to plant this Fall

Bermuda Easter Lily

8602 Bermuda Easter Lily (L. Harrisii)

The Bermuda Easter Lily is the strongest of all Longiflorum Lilies, commonly known as Easter Lilies. An excellent variety for winter blooming, growing 4 feet tall and carrying 4 to 12 large waxy white flowers on each stem. Delightfully fragrant. The blooms are 4 to 6 inches long and often are tinged with green near the base. Planted in the open they bloom during July and August. Ready for delivery in September. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8614 Easter Lily (L. formosum)

This is quite similar to the Bermuda Easter Lily, but does not make as tall a growth and, therefore, is better suited for outdoor growing in the garden. Many people call this the Japanese Easter Lily. The plants grow from 1 to 3 feet tall and bear at the top a whorl of 2 to 10 flowers. The blooms are waxy white with a green tinge at the base. Perfectly hardy, blooming during July and August. Ready for delivery November 1st. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50.

8644 Turk's Cap Lily (L. Batemanniae) An excellent Lily, native of Japan. Hardy, sturdy, easily grown. Carries as many as 12 blooms on each stem; 2 to 4 feet tall, of a pale orange-red or apricot color. The blooms measure 3 to 5 inches across. Ready November 1st. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50.

8603 Canadian Lily (L. canadense) Elegant plants 2 to 5 feet tall bearing from 1 to 10 showy flowers on a single stem. The individual blooms are 2 to 3 inches long and nearly as wide. They are bright orange-yellow spotted purplish brown. Blooms from June to August. The anthers are bright red. Ready November 1st. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.00.

8654 Yellow Show Lily (L. Henryi) A native of Central China and one of the very best Lilies in existence. Long-lived, hardy, sturdy, growing 4 to 8 feet tall and bearing as many as 20 orange-yellow flowers spotted reddish brown. Marked green at the base. Blooms during August and September. Ready November 1st. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8655 White Show Lily (L. speciosum album) Large white flowers of heavy substance with a greenish band running through the center of each petal. An easily grown, hardy, and showy variety that will persist almost indefinitely. 60¢ each; 3 for \$1.60; 6 for \$3.05; 12 for \$6.00.

8634 Show Lily (L. speciosum rubrum) A beautiful variety growing 3 to 5 feet tall with as many as 10 flowers on each plant. The blooms are bright golden yellow spotted purplish brown. Blooms during June and early July. Ready November 1st. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.00.

Lilies are the symbol of beauty. They are easily grown and the varieties we list are perfectly hardy. With ordinary care the plants will increase with each year both in size and attractiveness. Lilies do best in a well-drained sandy soil which should be fairly rich. During periods of drought the plants require plenty of water. It is very important that the bulbs are set about three times as deep as the greatest diameter of the bulb. *Please note the different delivery dates.*

8619 Golden Banded Lily of Japan (Lilium auratum)

A magnificent variety growing 3 to 6 feet tall with 2 to 15 large white flowers attractively spotted with bright crimson. Each petal has a yellow center stripe. Ready for delivery November 1st. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8653 Yellow Japanese Lily (L. Hansonii)

A permanent, very strong and easily grown Lily, 3 to 5 feet tall, bearing on each stem as many as 10 showy, bright golden yellow flowers spotted purplish brown. Ready for delivery November 1st. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8638 Swamp Lily (L. superbum) Magnificent large flowers of a brilliant orange-scarlet, shaded yellow and spotted brown; 3 to 8 feet tall. Blooms from July till September. Ready for delivery in October. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

8625 Madonna Lily (L. candidum)

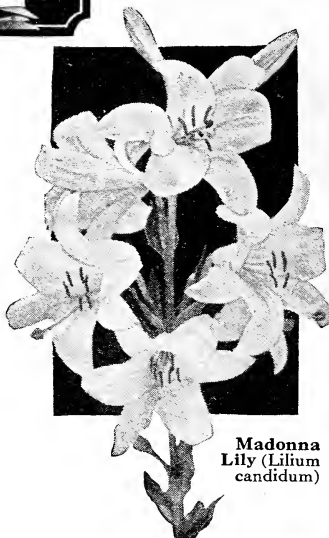

A very popular Lily growing 2 to 4 feet tall and bearing fine large flowers in clusters from 3 to 20 at the top of each stem. The blooms are waxy white and have yellow anthers. The individual blooms are 3 to 4 inches long and fully as wide. They have a delightful fragrance. It is of easy cultivation and does well in any soil or location, lasting almost indefinitely. Blooms during June and July. Ready for delivery in September. Selected Bulbs: 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.00.

8626 Madonna Lily

Extra large selected bulbs that will produce more flowers to a bulb than the smaller bulbs offered above. 40¢ each; 3 for \$1.05; 6 for \$2.05; 12 for \$4.00.

8631 Regal Lily (L. regale)

This is one of the most beautiful of all Lilies. The blooms are borne in clusters at the top of each stem. The individual flowers measure 4 to 6 inches across and they have a sweet fragrance. The blooms are bright canary-yellow in the throat shading to bluish-white toward the edges. Blooms profusely during June and July. The bulbs are ready for delivery November 1st. 60¢ each; 3 for \$1.60; 6 for \$3.05; 12 for \$5.95; 100 for \$46.50.

Hardy Perennial Plants

Hardy Perennial Plants are a very important class for all kinds of gardens. They are sure to give a showy and quick display and for that reason are preferred by many to seeds. The use of perennial plants permits the establishment of a perennial garden in full bloom within a very reasonable period. Most perennial plants die down to the ground with the first severe frost. This type requires a winter cover of straw, strawy manure, or peat, not more than 2 inches thick; but there are other perennials which retain some of their foliage all through the winter. These should receive a protection over the roots only; the foliage must be exposed as otherwise the plants would likely perish from lack of air.

All Perennial Plants will be shipped direct from the Nurseries

Aconitum 89P08 **Fischeri** Large pale blue flowers in September and October on plants growing 30 inches tall. Attractive green foliage. An excellent cut-flower. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Armeria 88P79 **Maritima** A very fine low-growing hardy perennial. Excellent for rock garden planting or in the foreground of the perennial border. Lovely rose-pink flowers during spring on elegant slender stems, 6 inches tall. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Anchusa 89P13 **Italica Dropmore** A stately perennial, 4 to 5 feet tall, bearing a profusion of showy rich deep blue flowers from May until July. The plants require a protection of straw where the winters are severe. An excellent honey plant for bees. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Aquilegia

The Aquilegias or Columbinas are showy, easily grown spring flowers. They are suited for beds, borders, and for the larger rock garden. The plants form compact well-rounded bushes bearing a profusion of flowers on graceful stems during May and June.

88P99 Mrs. Scott Elliott Hybrids These embrace a wonderful assortment of lovely shades. Large flowers. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

88P69 Coerulea This is the Rocky Mountain Columbine, with flowers combining a lovely shade of blue with white. Of compact habit. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

88P70 Nivea Grandiflora Snow white. Those who have a particular liking for white flowers will find in this variety a fine addition to their garden. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

88P71 Chrysanth fl. pl. A double-flowered Aquilegia or Columbine with large flowers of a bright rich yellow color. Blooms profusely and adds a rich bit of color to the garden. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Hardy Asters

Few perennial roots are as easily grown or make such a fine display, particularly when naturalized, as the Hardy Asters. Their culture is very easy and they will thrive in any ordinary garden soil. Hardy Asters produce a wealth of blooms during September and October. They are suited for planting towards the background of the perennial border or in the foreground of shrubbery. The varieties that we offer are all large flowering and will increase in size and beauty with every year.

89P16 Anita Ballard A double-flowering variety of a clear Petunia violet color. Very showy. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

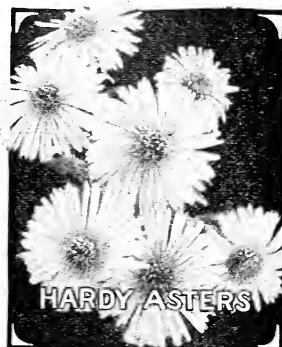

89P51 Blue Gem The flowers in this variety are quite large and double. They are a rich blue and make a good showing in any garden. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

89P17 Climax One of the most showy with large majestic spikes of light lavender-blue flowers. Magnificent plants, five feet tall. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Hardy Perennial Plants—Continued

These Spiraeas, or more correctly Astilbes, are handsome perennial plants which deserve the attention of every gardener. Their showy appearance and easy culture suggest that they be grown far more extensively, particularly as they are hardy and practically free from disease and insect injuries. The flowers are borne in well-branched feathered panicles making a magnificent show during June and July.

Astilbe or Spiraea

86P62 America An excellent variety for early forcing and also useful for the garden. The flowers are a lovely silvery deep pink shade. Of strong growth. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

86P64 Gladstone A very fine variety with immense trusses of pure snow-white flowers borne on elegant strong stems. Easily grown and fine for forcing. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

86P70 Granat This is one of the brightest in existence, bearing magnificent trusses of deep crimson flowers. The color is particularly rich and showy. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

86P71 Kriemhilde A comparatively new variety with lovely feathered spikes of pure salmon-pink flowers. It is a wonderful Astilbe for garden display and excellent for cutting. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

86P66 Peachblossom A handsome compact variety useful for forcing and for garden display. The blooms are borne profusely. They are a beautiful peach-bloom-pink shade. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

86P69 Queen Alexandra Compact well-branched plants growing 20 inches tall, crowned during June and early July with showy feathery flower-spikes composed of a mass of bright rose blooms. An excellent garden and forcing variety. 60¢ each; 3 for \$1.50; 6 for \$2.90; 12 for \$5.70; 25 for \$11.25.

Four Hardy Spiraeas

97P95—One each . . . \$1.85
(4 roots, value \$2.40)

97P96—Three each . . . 4.75
(12 roots, value \$6.00)

Campanula

The Popular Canterbury Bells

88P56 Media Mixed These are of biennial nature, living but two years, but sometimes persisting longer. They are most desirable for garden display, where the large bell-shaped blooms with their slightly reflexed tips make a wonderful display in July. Height, 2 to 3 feet. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

88P73 Calycanthema Mixed These are the Cup-and-Saucer Canterbury Bells, coming in white and shades of blue and rose. They are some of our most showy plants, and as a general rule persist for two years only. The plants grow 2 to 3 feet tall and bloom during July. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Sweet Scented Hardy Carnations

These Carnations are perfectly hardy for outdoor growing. Every gardener should include in his perennial planting a few plants of each color, as they provide a fine show throughout the summer and furnish an abundance of excellent long-stemmed cut-flowers, in appearance not unlike the Giant Carnations grown by florists during the winter. The flowers are semi-double to double. They have a rich fragrance.

88P47 Giant Pink This color is a particular favorite with many gardeners. It is a beautiful clear rich tone of bright glowing pink and contrasts sharply with the bluish green foliage. The flowers are very large; semi-double to double. They are borne freely on fine strong stems. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

88P48 Giant Red A magnificent flower of an unusual rich and strong color. The elegant form of the semi-double to double blooms adds grace to their charm. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

88P46 Giant White White always has been a most popular color as it brings out the other colors in the garden and gives a touch of grace to any bouquet. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Collections of Three Hardy Carnations

98P09—One each \$0.85
(3 roots, value \$1.05)

98P10—Three each 2.15
(9 roots, value \$2.55)

98P11—Six each . . . 4.00
(18 roots, value \$4.80)

Eupatorium—Perennial Ageratum

86P85 Colestinum A showy, hardy perennial closely resembling the annual Ageratum with its lovely lavender-blue flowers. The plants are a mass of blooms from August until frost. They are excellent for garden display and for cutting. The roots remain dormant until late May, when they start to make new shoots. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Coreopsis

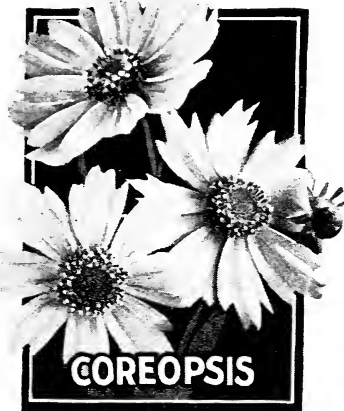

88P37 Lanceolata No garden is complete that misses the exceptional display Coreopsis produces from June on. The large, golden yellow flowers are borne with such profusion that the plants exhaust themselves unless the blooms are regularly cut and the plants trimmed down some time in August to encourage new shoots. Grows 15 to 18 inches tall and makes a fine show either alone or planted together with Delphinium and Oriental Poppies. 25¢ each; 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Chelone

Chelone

88P77 Barbatus Torreyi (*Pentstemon*) This is commonly called Shell Flower. It is a handsome perennial, growing 2 feet tall and bearing throughout the summer and fall numerous graceful flower-spikes set with coral-orange tubular flowers. A very attractive flower for the garden and fine for cutting. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

COREOPSIS

Chinese Lantern Plant

88P38 Physalis Franchetti This wonderful decorative plant is easy to grow and multiplies rapidly. It is planted for its showy scarlet-red fruit capsules which are easily dried for winter use. Individual plants, after they have become well established, will produce as many as thirty lanterns each year. There is always a demand for these lanterns because of their showy appearance, and people who grow them for market find them good money makers. The plants grow about 2 feet tall and produce rather small, inconspicuous, creamy white blooms during the summer. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Dianthus—Hardy Pinks

89P05 Deltoides This is the so-called Maiden Pink—a dwarf variety bearing a profusion of bright pink blooms. Fine for rock gardens. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

89P27 Gladys Cranfield Delightfully sweet-scented, fringed, rose-pink flowers with velvety maroon centers. Blooms freely during May and June. Fine for borders and rock gardens; 12 inches. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90.

89P20 Plumarius Mixed A fine strain forming thick tufts covered with star-like flowers, including many colors. Delightfully fragrant. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

SHASTA DAISY

Shasta Daisy

88P45 Mrs. C. Lothian Bell A magnificent white Daisy. Without question, the largest-flowered variety of its class. Under average culture the blooms reach a diameter of 5 inches and more. The petals are broad and of great substance. The plants grow 2½ to 3 feet tall, bearing a profusion of blooms from July until September. The long-stemmed flowers are excellent for cutting. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Burpee's Hardy Phlox

The Hardy Phlox belongs to our prettiest and most showy perennials. It is easily grown and thrives well even under adverse conditions of weather and soil. The plants are perfectly hardy and after once being established will become more showy with every year. They will increase in size with each season and make solid clumps, which during flowering time are literally covered with the handsome flower-heads. Hardy Phlox may be used to good advantage in front of shrubbery or among other perennials. The plants are a mass of blooms all during the spring and early summer.

87P50 Antoine Mercie A very showy Phlox with bright lilac blooms and a distinct eye. Of strong growth, bearing a profusion of large well-rounded flower-heads. Particularly fine in masses. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

98P98 Three each (12 roots; value \$13.60) for 11.00

What looks prettier than a well-grown Peony plant covered with a mass of gigantic flowers? The Peony comes into bloom at a time of the year when there is a good demand for flowers for use in connection with our national holiday, Memorial Day. With ordinary care the plants will bear their massive, fully double flowers in great profusion from year to year. Plant the roots during August, September, or early October in a bed well prepared and enriched with plenty of well-rotted manure. Cover the crowns with not more than two inches of good soil. The flowers, if cut just when opening, will last a long time in water. Most varieties as soon as they begin to open up are exquisitely scented. Write for a free copy of the Burpee leaflet on "Peonies."

LIGHT PINK

87P30 Madame Ducl An early bloomer with enormous globular and compact blooms literally packed with petals. The color is a mellow yet rich shade of soft rose-pink with a beautiful silver sheen. It is classed as one of the best of all Peonies, and holds its color very well. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

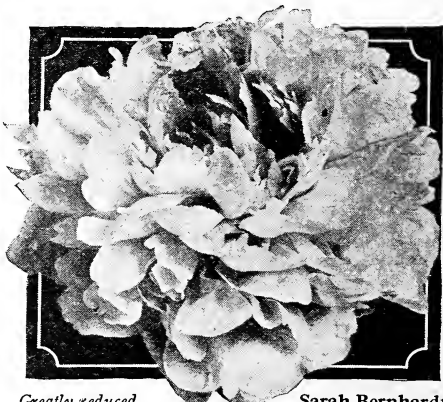

87P31 Eugenie Verdier A fragrant mid-season pink of a delicate Hydrangea shade. The outer petals are slightly lighter. Large-size blooms of semi-rose type. Its fragrance, strong stems, excellent color, and free blooming quality make this a favorite variety for garden planting, cutting, and exhibition. \$1.00 each; 3 for \$2.70; 6 for \$5.25; 12 for \$10.00.

87P25 Solange Solange occupies a unique position on account of its unusual color—rich cream with a faint shading of light golden brown and a cast of glowing soft salmon-pink. A fair bloomer with stems of medium strength. \$4.00 each; 3 for \$10.00; 6 for \$19.00; 12 for \$37.00.

87P08 Germaine Bigot The somewhat flattened blooms are pale lilac-rose, attractively splashed with crimson. They belong to the crown type and come in during mid-season. A splendid and continuous blooming variety. 70¢ each; 3 for \$1.80; 6 for \$3.50; 12 for \$6.50.

87P32 Madame Jules Dessert Delicate flesh-pink flowers deepest in the center and more or less splashed with bright carmine. A fragrant midseason Peony of exquisite fragrance. Of tall, strong growth. \$2.75 each; 3 for \$7.50; 6 for \$14.50; 12 for \$28.50.

87P23 Sarah Bernhardt This blooms late in the season and represents an exquisite silver-pink shade. Of semi-rose type with large full flowers that are borne on good stiff stems. A prolific bloomer and strong grower. \$1.35 each; 3 for \$3.70; 6 for \$6.90; 12 for \$13.45.

Greatly reduced

Sarah Bernhardt

DEEP PINK

87P06 Edulis Superba A very early-blooming crown type Peony, particularly recommended for Memorial Day because it can be depended upon to bloom at that time. Amor River Privet

The stock we offer is known to nurserymen as Amor River Privet North, and represents a strain which is particularly adapted to northern locations because of its unusual hardness. Compared with the California Privet it can stand considerably more cold weather and has foliage which is not quite as glossy. Amor River Privet is a fast and upright grower, easily trimmed, forming a solid, even, green wall or fence.

Hybrid Tea or Everblooming Roses

—These are the Popular Monthly Roses—

Planting Roses in the Fall

Late in the fall, when the rose bushes have stopped growing is an ideal time for transplanting them. Prepare the soil well by mixing well-rotted manure with good top soil. Firmly set the plants into the plant hole and water thoroughly. When freezing weather is expected heap soil over the pruned branches to cover completely. The plant is protected by this mound of soil until early spring, when the sap begins to flow. With this protection the plants will come through the winter perfectly and bloom profusely the following year.

Hadley

*A marvelous
crimson-scarlet
flower with an
exquisite fra-
grance*

96N47 Hadley Beautifully formed, velvety crimson-scarlet flowers retaining their brilliance at all seasons of the year. Hadley is a strong and rapid grower with long stiff stems. The blooms have a delicate fragrance.

96N51 Los Angeles This is one of the most notable of all American roses. The color is a beautiful luminous flame-pink with a cast of bright coral and shaded with translucent gold at the base of each petal.

96N59 Mme. Butterfly A beautiful sweet-scented rose which enjoys great popularity. The extra-large well-formed blooms are an exquisite shade of pink with a cast of light gold evenly distributed over the whole flower. An elegant flower of large size.

96N40 Mme. Edouard Herriot Quite large semi-double blooms of a most unusual color combination. The buds are fiery-copper changing to a bright orange-pink with a metallic sheen when they open up fully.

96N52 Ophelia This rose has made a name for itself because of its exquisite coloring. It is desirable for both garden culture and greenhouse use. The blooms are a beautiful salmon-pink. They are borne on long stems.

96N53 Radiance One of the most popular of all roses. Sometimes referred to as Pink Radiance. The flowers are a beautiful carmine-rose-pink shade. They are large, well formed, and are produced continuously.

96N41 Red Radiance A real gem with brilliant cerise-red blooms which are particularly attractive when half open. The flowers are large and bold. They hold their color well and have a most delightful sweet fragrance. Red Radiance belongs in every garden where roses are grown.

Four Everblooming Roses

96N89 This collection contains one strong two-year-old blooming-size plant of each, **Jonkheer J. L. Mock, Duchess of Wellington, Mme. Edouard Herriot, and Red Radiance.** Value \$4.00, sent to you, postpaid, for **\$3.50**

We are offering high-grade, field-grown quality plants of two-year-old roses, budded on especially selected stock. These roses will bloom freely next year if planted this fall and protected by a mound of earth. Our roses are guaranteed to grow and bloom, or we will refund the full amount of the purchase price. Please note that we cannot ship roses or other nursery stock C. O. D. All shipments of nursery stock include a state certificate of nursery inspection which assures you of receiving clean, healthy stock. Roses, Shrubs, Hardy Climbers, Hedge Plants, and Perennial Plants always are shipped directly from our nursery.

96N46 Columbia The rich pink flowers are large and double. They are fragrant and bloom until late fall. A strong grower and almost thornless.

96N57 Duchess of Wellington Beautiful deep orange-yellow, shading to lemon when opening. A long, pointed bud with a delightful tea scent.

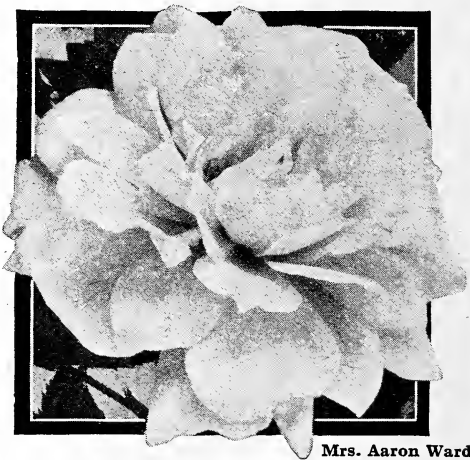

96N58 Gruss an Teplitz The best outdoor rose for garden decoration, with good size double blooms of a brilliant crimson shade. A fragrant cluster variety.

96N48 Jonkheer J. L. Mock A very dependable rose, exceedingly large and full. The petals are silvery rose inside, and the outside is carmine-pink. Very fragrant.

96N49 Kaiserin Augusta Victoria A pleasing pearl-white shading to lemon-yellow in the center. Beautifully formed, fragrant flowers on long stems.

96N55 Killarney Brilliant Sparkling rosy carmine with a rare fragrance. Very hardy. A good variety for the garden as well as for greenhouse planting.

96N56 Lady Hillingdon Beautiful apricot-yellow shading to orange. No collection of roses is complete without this handsome variety. Strong and vigorous.

Mrs. Aaron Ward

96N54 Mrs. Aaron Ward Buds deeply cupped, producing, when open, a delightful and attractive deep golden orange bloom shading to creamy yellow.

96N42 Souv. de Claudius Pernet A beautiful Sunflower-yellow bloom, showing some delicate sulphur-yellow edges as the flowers begin to age. Free blooming.

96N43 Sunburst An exquisite brilliant orange-yellow with a lighter buff center. Even though the color lightens when opening, it is one of the best cutting roses.

96N81 Templar Attractive urn-shaped buds and globular deep crimson flowers of exquisite fragrance. Does particularly well during the cool seasons. Of erect growth, vigorous, and free blooming.

Any of the roses on this page: \$1.00 each; 3 for \$2.75; 6 for \$5.25; 12 for \$10.00, delivered.

Hybrid Perpetual or June Roses

The most satisfactory all-around class for sections where winters are cold, because with a cover of earth over the whole plant they will stand severe freezing weather. Hybrid Perpetual Roses are vigorous and free blooming. They include a wide range of beautiful shades and thrive in widely different types of soil. For best results, enrich the soil with well-rotted manure and humus. The hardiness, large size, and free-flowering habit of Hybrid Perpetuals have made them extremely popular. They bloom all through the summer.

96N63 American Beauty Strictly a Hybrid Tea Rose, but usually classed as a Hybrid Perpetual owing to its vigorous growth. Beautiful carmine-red blooms, very large and double.

96N60 Frau Karl Druschki A pure white variety with immense long buds and perfectly double flowers. Especially fine for bedding. It is the largest and strongest of all white Roses.

96N61 General Jacqueminot Everybody who loves roses will place this variety high on the list of extra-desirable kinds; a bright crimson with a delightfully sweet fragrance.

96N62 Paul Neyron Luminous cerise-red. One of the largest roses under cultivation. It is a strong, healthy grower with clean foliage of a rich green shade. An excellent Hybrid Perpetual Rose.

96N64 Persian Yellow Golden yellow flowers, borne in great profusion. The blooms are of medium size and remarkably fragrant. Most desirable for planting as a hedge.

96N65 Ulrich Brunner Immense big blooms of a bright cherry-red shade with a lovely rich fragrance. Very free flowering and one of the finest for cutting. Ideal for trailing on a pillar.

Prices of all Hybrid Perpetual Roses:
\$1.00 each; 3 for \$2.75; 6 for \$5.25; 12 for \$10.00.

Frau Karl Druschki is a lovely variety with large white flowers of exquisite texture

Hardy Flowering Shrubs

Hydrangea paniculata grandiflora

95N65 *Hydrangea paniculata grandiflora*

There is no other shrub which is as popular and gives as magnificent a display as this fine hardy Hydrangea. The flowers are borne in large globe-shaped panicles. The blooms are white, changing to a delicate pink at the first frost. Grows 5 feet tall and nearly as wide. (Size, 1½ to 2 feet.) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

95N64 *Hydrangea arborescens grandiflora*

A wonderful new Hydrangea of easy culture, producing as many as 125 perfect flower-heads on a single plant. The color of the blooms is pure white and it is retained usually from 4 to 5 weeks. Perfectly hardy. 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

95N44 Flowering Quince (*Cydonia*)

(*Japonica*) A very popular showy shrub growing to a medium height. Excellent for planting closely together into an impenetrable thorny hedge. The blooms are produced early in the spring. They are a dazzling scarlet. 6 to 8 feet tall and make a wonderful display. (Size, 1½ to 2 feet.) 85¢ each; 3 for \$2.35; 6 for \$4.60; 12 for \$9.05.

95N71 Weigela—Eva Rathke

Shrubs with brilliant crimson flowers are comparatively rare and that is the reason why this outstanding sturdy Weigela is in such great demand. The bushes grow 5 to 6 feet tall and make a spread of about 6 feet. They are easily grown, producing their tubular showy blooms from mid-summer until late in the fall. They do well planted either in the sun or semi-shade. (Size, 2 to 3 feet.) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

95N70 Snowball (*Viburnum opulus sterile*)

A magnificent tall shrub growing 8 to 10 feet in height and about 8 feet in diameter. It is the old-fashioned, well-known Snowball with its showy round clusters of pure white, sterile flowers. The blooms appear the latter part of May. This splendid shrub or small tree is well suited for growing either in full sun or in the semi-shade. Grows best in a reasonably dry soil. (Size, 1½ to 2 feet.) 90¢ each; 3 for \$2.50; 6 for \$4.75; 12 for \$9.00.

95N66 Mock Orange—Philadelphus

The Mock Orange is a most desirable shrub of vigorous habit, bearing a profusion of showy, pure white blooms. Extremely hardy. The rich green foliage makes a very attractive shrub even when not in bloom. The bushes grow about 10 feet tall and make a spread of 8 feet. The fine white flowers have an exquisite fragrance, and cover the bush all during the month of June. Planted closely together the bushes will make an excellent tall hedge for the border line. (Size, 2 to 3 feet.) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

96N96 Collection of Four Beautiful Shrubs

Here are **four** easily grown, showy shrubs which can be used to good advantage to greatly add to the value of any garden or home. The collection contains one each; **Golden Bell; Flowering Quince; Flowering Almond, and Spiraea, Bridal Wreath.**

Value \$2.75, postpaid for **\$2.25**

Shrubs are a permanent feature in home plantings, and we advise every gardener to plant the best that can be obtained. We deliver all shrubs purchased from us and guarantee their safe arrival. For best results, dig a good size hole for every shrub and fill it loosely again with good soil only. This will enable you to plant without delay as soon as the nursery stock is received. Our stock is clean and healthy and has been properly inspected. You will receive extra-select, two-year-old plants which will give the best results.

Nursery Stock must be shipped while dormant. Orders received cannot be shipped until late in the season

95N43 Flowering Almond

(*Prunus japonicus fl. pl.*) This is a most attractive Shrub for the lawn where the dwarf compact plants will produce a magnificent show of large, pink, double flowers. The blooms appear before the leaves. (Size, 2 to 3 feet.) 75¢ each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.00.

95N60 Bechtel's Flowering Crab

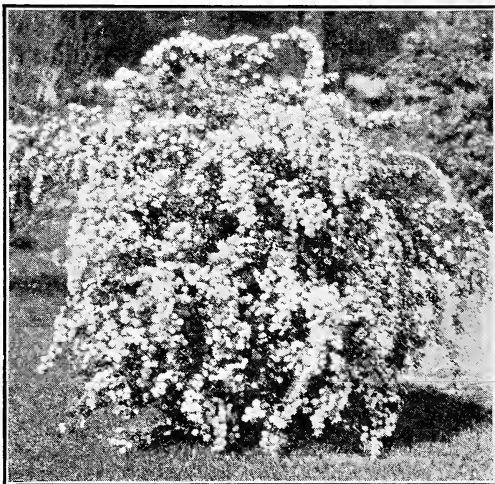

This is an exceptionally fine dwarf ornamental tree and it looks best if planted as a single specimen somewhere in the lawn. The bushes are covered from the middle of May until early June with large, bright pink, double blooms not unlike a small rose. Very showy. (Size, 2 to 3 feet.) \$1.25 each; 3 for \$3.25; 6 for \$6.25; 12 for \$12.00.

95N63 Golden Bell—Forsythia

(*Suspensa Fortunei*) Everybody knows this handsome shrub. Of upright growth, bearing a wonderful profusion of bright golden yellow, star-shaped blooms early in the spring before any leaves appear. Golden Bell does well in any average garden soil. Give it a position where it will show up to full advantage. (Size, 2 to 3 feet.) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

95N62 Deutzia—Pride of Rochester

A vigorous growing variety 6 to 8 feet tall with a spread of 5 feet. During the month of June every branch carries a magnificent display of double, white flowers. (Size, 1½ to 2 feet.) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

Bridal Wreath Spiraea—Graceful and showy

96N11 Bridal Wreath—Spiraea

(*Van Houttei*) Graceful, long, drooping sprays of small single white blooms. This is the most beautiful of all Spiraea and perhaps of all shrubs blooming during May and June. Bridal Wreath is extremely hardy and can be used to good advantage either as a specimen or in the border. Planted alone, it will grow into a well-rounded plant of great attraction. (Size, 2 to 3 feet.) 55¢ each; 3 for \$1.45; 6 for \$2.75; 12 for \$5.25.

Perennial Flower Seeds

Perennials are the chief stand-by of the old-fashioned gardeners. They require little attention and respond generously to increased care and thorough cultivation. After once being established they will not only last many years but also increase in beauty with every season. The seed of perennials may be sown outdoors almost any time of the year.

Summer and fall sowings should be made in specially prepared beds, preferably boxed in with 8 or 10 inch boards and covered with a screen of lath or wide-meshed burlap. During the winter a covering of leaves or straw manure, after the frost has touched the foliage, is all the protection needed to carry the plants safely through the winter.

Achillea

37F02 Ptarmica, fl. pl. The Pearl Easily grown in any kind of soil. The plants are about 2 feet tall and produce a profusion of small white double flowers. Excellent for garden display and for cutting. Blooms freely during July and August. Pkt. 20c; 1/16 oz. 55c; 1/4 oz. 95c.

Burpee's Sweet Peas for Fall Sowing

The world fame of Burpee's Sweet Peas is founded upon the unusual care bestowed upon this Burpee specialty. Burpee's Sweet Pea seed is grown on Burpee's Floradale Farms near Santa Barbara, California, where weather and soil combine to give conditions that are particularly suited for growing the best Sweet Pea seed the world produces. Hand in hand with our work of growing and improving Sweet Peas on Floradale in California is the work carried on at Burpee's Fordhook Farms in Pennsylvania. Many of the most outstanding Burpee varieties originated on Fordhook. Year after year thousands of crosses are made for the purpose of inducing nature to give us new colors, better flowers, richer fragrance, and longer stems.

Early or Winter Flowering Sweet Peas for Fall Sowing

The early or winter-flowering type of Sweet Pea has proven particularly valuable for fall sowing in the extreme south, where they give better results than the summer-flowering type. This is the same class as is grown in greenhouses for winter blooming in the north.

Burpee's Lawn Grass

For Summer and Fall Sowing

61F45 Burpee's Fordhook Finest

We believe that our Fordhook Finest Lawn Grass is unequalled in every respect. Careful experiments have proven that best results with the lawn depend upon the use of the proper mixture of the right kind of grasses of high germination. Fordhook Finest contains a well-balanced blend of various American and Foreign fine-bladed and deep-rooting varieties which have given best results under the varied conditions of soil and climate met with in America. Fordhook Finest will make a smooth, green, velvety sod with a thick bottom. It is free from common grasses which produce clumps and knots in the lawn, thereby spoiling the desired smooth and rich effect. Fordhook Finest contains no chaff and weighs **25 to 27 pounds** per measured bushel. A small quantity of white clover is included for the purpose of thickening the sod. Sow one pound to a plot 10 by 20 feet (200 sq. ft.). Use 150 to 200 pounds to sow one acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, the purchaser paying the transportation charges: 25 lbs. \$10.00; 50 lbs. \$19.00; 100 lbs. \$36.00; 250 lbs. \$87.00; 500 lbs. \$170.00.

61F47 Golf Links

This mixture is composed exclusively of fine-bladed grasses which will withstand frequent close cutting and trampling. It is free from weed-seed and contains no white clover, the latter not being suitable for the closely cut golf lawn. We have made a special study of this subject to make Burpee's Golf Links Mixture the standard. Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

61F58 Putting Greens

A mixture of many varieties of Bent grasses with a preponderance of Creeping Bent. These grasses are the most satisfactory for putting greens, as they make a smooth even growth which will withstand frequent close cutting and intense trampling. The seed we offer is of the highest quality. Lb. \$1.15; 2 lbs. \$2.20; 5 lbs. \$5.25; 10 lbs. \$10.25, postpaid. By express or freight, 25 lbs. \$25.00; 50 lbs. \$45.00; 100 lbs. \$85.00.

61F46 Sunny South Lawn

We have prepared a special mixture that is particularly suited for the hot, dry sections of the South. With care and regular watering, Sunny South Mixture will produce satisfactory lawns under the most exacting conditions. Lb. 50¢; 2 lbs. 95¢; 5 lbs. \$2.35; 10 lbs. \$4.25, postpaid. By express or freight, 25 lbs. \$8.75; 50 lbs. \$17.00; 100 lbs. \$33.00; 250 lbs. \$81.00; 500 lbs. \$155.00.

61F49 Shady Nook

This mixture is particularly adapted for semi-shaded locations. It will make a fine lawn where trees or large buildings prevent the ordinary mixtures from growing satisfactorily. Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$10.00; 50 lbs. \$19.00; 100 lbs. \$36.00; 250 lbs. \$87.00; 500 lbs. \$170.00.

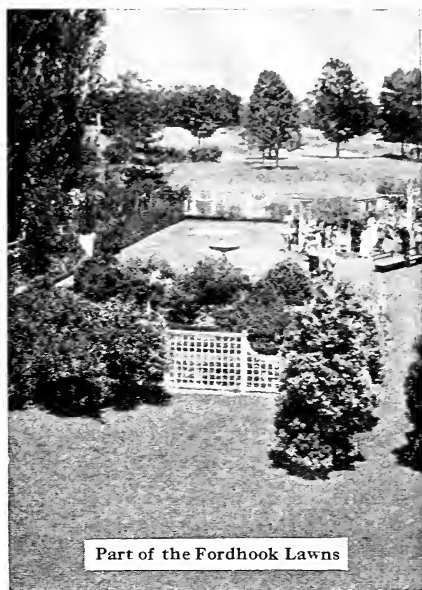

61F44 Terrace Sod

The terrace is oftentimes a source of a great deal of worry and trouble. This is largely due to the fact that the right grasses are not used in the making of the terrace sod. Our special mixture contains only those grasses that are best adapted to embankments and terraces. These grasses are all deep-rooted. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$9.00; 50 lbs. \$17.50; 100 lbs. \$34.00; 250 lbs. \$83.00; 500 lbs. \$160.00.

61F13 White Dutch Clover

While our mixtures, except Golf Links, Putting Greens, and Sunny South, contain a small quantity of White Dutch Clover, many gardeners like to sow an additional quantity of it. Use at the rate of one pound of Clover for 20 pounds of grass seed. Sow the clover separately to get an even distribution. Pkt. (4 ozs.) 30¢; lb. 75¢; 2 lbs. \$1.40; 5 lbs. \$3.25; 10 lbs. \$6.00, postpaid. By express or freight, 100 lbs. \$55.00.

400X90 Lawns by F. F. Rockwell. A comprehensive little book of 87 pages, well printed, giving definite information about all the facts concerning the making and maintenance of the lawn. Postpaid, for **\$1.10**

Part of the Fordhook Lawns

Mary Washington Asparagus Roots

In nearly all sections south of Philadelphia Asparagus Roots have proven to do particularly well if they are planted in the fall just before cold weather sets in. Since the introduction of the Washington varieties all the older kinds have become more or less obsolete, at least for the home gardener, and we are, therefore, offering the variety Mary Washington, which we consider the best. In answer to the question whether to plant one-year-old roots or two-year-old roots, we wish to state that for permanent results the one-year-old roots are preferable; but, of course, they take longer before they will give a good cutting.

Mary Washington is known for its resistance to rust. It produces thick, heavy, and long shoots which are straight, and closely folded at the tips. The color of the stalks is a rich dark green, and the tips are still a deeper green. When blanched they are a beautiful creamy white. Mary Washington is known as a tremendous yielder and strong grower.

99F12 One-year-old-roots 50 for \$1.30; 100 for \$2.30, postpaid. By express or freight: 1000 roots \$13.00; 5000 for \$60.00.

99F13 Two-year-old-roots 50 for \$1.60; 100 for \$3.00, postpaid. By express or freight: 1000 roots \$15.00; 5000 for \$70.00.

F9 Seed of Mary Washington We offer seed of the true strain. Pkt. 10¢; oz. 25¢; 4 ozs. 70¢; ½ lb. \$1.10; lb. \$1.85, postpaid.

Onion Sets

99F35 Egyptian, or Perennial Tree

A valuable, perfectly hardy variety planted during the fall. The bulbs may be left in the ground year after year without injury. The coppery red bulbs are quite flat and produce excellent scallions for early spring use. Plant as soon as received. Lb. 35¢; 2 lbs. 65¢; 5 lbs. \$1.40, postpaid. By express or freight, 100 lbs. \$17.00.
